OVERVIEW

Alt-QM guidelines are structured to guide its users towards making common sense lending decisions on loans to borrowers who may have limited access to credit. These borrower's situations generally require the consideration of alternative forms of documenting income and/or compensating factors which offset risk indicated by a recent credit event or elevated debt-to-income ratio.

Loans eligible for sale to a Government Sponsored Entity (Federal National Mortgage Association ("Fannie Mae" or "FNMA") or Federal Home Loan Mortgage Corporation ("Freddie Mac" or "FHLMC") are not eligible for the Alt-QM programs.

Borrowers with a loan under the Investor Program must certify that they understand that consumer protection laws applicable to consumer loans will not apply to their business-purpose loan, including the Truth in Lending Act (15 U.S.C. § 1601 *et seq.*), Real Estate Settlement Procedures Act (12 U.S.C. § 2601 *et seq.*), Gramm-Leach Bliley Act (15 U.S.C. §§ 6802-6809), Secure and Fair Enforcement Mortgage Licensing Act (12 U.S.C. § 5101 *et seq.*), and Homeowners Protection Act (12 U.S.C. § 4901 *et seq.*

ASSUMABILITY

PROPERTY INSURANCE

Property insurance for loans must protect against loss or damage from fire and other hazards covered by the standard extended coverage endorsement. The coverage must provide for claims to be settled on a replacement cost basis. Extended coverage must include, at a minimum, wind, civil commotion (including riots), smoke, hail, and damages caused by aircraft, vehicle, or explosion.

Policies that limit or exclude from coverage (in whole or in part) windstorm, hurricane, hail damages, or any other perils that normally are included under an extended coverage endorsement are not acceptable.

Borrowers may not obtain property insurance policies that include such limitations or exclusions unless they are able to obtain a separate policy or endorsement from another commercial insurer that provides adequate coverage for the limited or excluded peril or from an insurance pool that the state has established to cover the limitations or exclusions.

Additional requirements apply to properties with solar panels that are leased from or owned by a third party under a power purchase agreement or other similar arrangement.

The insurance coverage should reflect one of the following:

- 100% of the insurable value of the improvements, as established by the property insurer (including guaranteed replacement, if applicable); or
- 100% of the Total Estimate of Cost-New per the appraiser; or
- The unpaid principal balance of the mortgage, as long as it at least equals the minimum amount—80% of the insurable value of the improvements—required to compensate for damage or loss on a replacement cost basis. If it does not, then coverage that does provide the minimum required amount must be obtained.

For insurance not addressed in this section, default to Fannie Mae requirements.

Rent Loss Insurance

Rent loss insurance covering a minimum of 6 months of the rental figure used to qualify is required for the subject property on all DSCR transactions.

TRANSACTION TYPES

ELIGIBLE TRANSACTIONS

Purchase

- Proceeds from the transaction are used to finance the acquisition of the subject property.
- LTV/CLTV based upon the lessor of the sales price or appraised value.

Rate/Term Refinance

- Proceeds from the transaction are used to pay off an existing first mortgage loan and any subordinate loan used to acquire the property.

- Any subordinate loan not used in the acquisition of the subject property provided one of the following apply:
 - Closed end loan, at least 12 months of seasoning has occurred;
 - HELOC, at least 12 months of seasoning has occurred and total draws over the past 12 months are less than \$2,000. HELOC must be closed.
- Properties listed for sale must be taken off the market prior to application date.
- Paying off an installment land contract executed more than 12 months from the loan application date. Refinancing of a Land Contract is considered a purchase and LTV/CLTV should be calculated using purchase price.
- Cash back in an amount not to exceed the lesser of 1% of the new loan amount or \$5,000 can be included in the transaction.
- LTV/CLTV is based upon the current appraised value, no seasoning required.
- Refinance of a previous Cash Out mortgage seasoned < 1 year will be considered a Cash Out refinance.
- The rate/term refinance of a construction loan is eligible with the following conditions:
 - If the lot was acquired 12 or more months before applying for the subject loan, the LTV/CLTV is based on the current appraised value of the property
 - If the lot was acquired less than 12 months before applying for the construction financing, the LTV/CLTV is based on the lesser of (1) the current appraised value and (2) the total acquisition costs.

Cash-Out Refinance

- A refinance that does not meet the definition of a rate/term refinance
- A mortgage secured by a property currently owned free and clear is considered cash out.
- Refinance of a previous Cash Out mortgage seasoned < 1 year will be considered a Cash Out refinance.
- The payoff of delinquent real estate taxes, federal taxes, state taxes and judgments (60 days or more past due) is considered cash out.
- For investment properties only: The borrower must indicate the purpose of the cash out proceeds. Cash out proceeds must be solely for business purposes.
- Properties listed for sale by the borrower within the last 12 months are not eligible.
- Loans not eligible for cash-out:
 - A prior cash out transaction within the last 12 months unless a documented benefit exists.
 - Texas Home Equity 50 (a)6
- See Change Wholesale Matrices for cash-out limits.

Seasoning Requirements:

- Cash-Out Seasoning is defined as the difference between application date of the new loan and prior financing note date or date of purchase. To be eligible for a cash-out refinance the borrower must have owned the property for a minimum of 6 months prior to the application date.
- If the subject property is owned less than 12 months, but greater than 6 months at the time of application the LTV/CLTV will be based on the lesser of the original purchase price plus documented improvements or current appraised value. If more than 12 months use current appraised value.

Delayed Financing

- Delayed Financing is available when the subject property was purchased by the borrower(s) using cash, within 6 months of loan application date:
 - The original purchase transaction must have been an arm's length transaction

- The source of funds utilized for the original purchase must be documented (bank statements, personal loan documents, HELOC from another property, etc.)
- The maximum LTV/CLTV for the subject transaction will be based on the lower of the current appraised value or the original purchase price plus any documented improvements (subject to review)
- The preliminary title report must confirm that there are no existing liens on the subject property
- The loan is considered a cash-out transaction. Cash-out LTV and limitations apply.

CONTINUITY OF OBLIGATION

Continuity of obligation occurs on a refinance transaction when at least one of the borrower(s) (or members of the LLC) on the existing mortgage is also a borrower on the new refinance transaction secured by the subject property.

When an existing mortgage will be satisfied as a result of a refinance transaction, the following requirements must be met:

- At least one borrower on the refinance mortgage held title to the subject property for the most recent six (6) month period and the mortgage file contains documentation evidencing that the borrower/LLC has been making timely mortgage payments, including the payments for any secondary financing, for the most recent six (6) month period
- At least one borrower on the refinance mortgage inherited or was legally awarded the subject property by a court in the case of divorce, separation, or dissolution of a domestic partnership
- Title resolution prior to closing of subject loan (preferably prior to application)

Continuity of Obligation is not required on Rate & Term refinance transactions.

NON-ARMS LENGTH AND INTERESTED PARTY TRANSACTIONS

Non-Arm's Length

A non-arm's length transaction occurs when the borrower has a direct relationship or business affiliation with subject property Builder, Developer, or Seller. Examples of non-arm's length transactions include family sales, property in an estate, employer/employee sales and flip transactions.

When the property seller is a corporation, partnership, or any other business entity it must be ensured that the borrower is not an owner of the business entity selling the property.

A non-arm's length transaction is not intended to bail out a family member who has had difficulties making their mortgage payment. A thorough review of the title report in these cases is required as well as the payment history pattern (VOM on the Seller's mortgage).

Interested Party Transaction

A Conflict-Of-Interest Transaction occurs when the borrower has an affiliation or relationship with the Mortgage Broker, Loan Officer, Real Estate Broker or Agent, or any other interested party to the transaction.

In the case of the Mortgage Broker, Loan Officer, or Real Estate Broker/Agent extra due diligence must be exercised. For example, the seller's real estate agent for the subject property may not act as the loan officer for the borrower(s) purchasing the same subject property. An examination of the relationship among the Mortgage Broker, Title/Escrow Companies, Appraiser, and any other party to the transaction must be closely examined. A Letter of Explanation regarding the relationship between the parties is required.

Non-Arm's Length transactions are considered ineligible transactions and not permitted.

Child support must be included as a liability. Alimony or child support with less than 10 months' payments remaining based on the Note date may be excluded from the DTI, as long as the borrower has the assets to make the remaining payments.

Consumer Credit Charge-Offs and Collections

- Individually or aggregate collection and non-mortgage charge-off accounts totaling greater than \$5,000 must be paid in full prior to or at closing.
- Medical collections less than \$15,000 are not required to be paid.

The borrower is required to sign a Business Purpose & Occupancy Affidavit (Exhibit A).

Borrower Income

- Debt to Income Ratios are not calculated - no income or job information is required on the URLA.

Documentation Requirements

- Form 1007, 216 or 1025 (for 2-4 units) is required to determine current market rents,
- Existing lease agreement(s) if appraisal report reflects tenant occupied
- If the executed lease agreement reflects a higher monthly rent than appraisal, it may be used in the calculation with sufficient evidence of receipt – three (3) most recent, consecutive months should be provided.
- Short-Term Rentals:
 - Max 70% CLTV and minimum 1.00 DSCR required

See the Investor matrix for required Debt Service Coverage Ratios and specific calculations.

EXAMPLE: DEBT SERVICE COVERAGE RATIO

Single Family Purchase Money Transaction

Monthly PITIA = \$650

Estimated Monthly Market Rent (Form 1007) = \$850

Existing Lease Monthly Rent = Not Available

Gross Market Rent = \$850 (*Estimated Monthly Market Rent when a lease is not available for a purchase transaction*)

Gross Income = \$850

÷ PITIA = \$650

DSCR = 1.30
