OVERVIEW

Alt-QM guidelines are structured to guide its users towards making common sense lending decisions on loans to borrowers who may have limited access to credit. These borrower's situations generally require the consideration of alternative forms of documenting income and/or compensating factors which offset risk indicated by a recent credit event or elevated debt-to-income ratio. The borrower's ability to repay must be proven in all instances.

Loans eligible for sale to a Government Sponsored Entity (Federal National Mortgage Association ("Fannie Mae" or "FNMA") or Federal Home Loan Mortgage Corporation ("Freddie Mac" or "FHLMC") are not eligible for the Alt-QM programs.

For any guideline not addressed in these guides, defer to Fannie Mae Guidelines.

UNDERWRITING

All files are manually underwritten.

INTEREST CREDITS

Loans closed within the first 5 days of the month may reflect an interest credit to the borrower.

ASSUMABILITY

Loans are not assumable.

PROPERTY INSURANCE

Property insurance for loans must protect against loss or damage from fire and other hazards covered by the standard extended coverage endorsement. The coverage must provide for claims to be settled on a replacement cost basis. Property insurance policies that provide for claims to be settled on an actual cash value basis are not acceptable. Policies that limit, depreciate, reduce, or otherwise settle losses at anything other than replacement cost basis are also unacceptable.

Extended coverage must include, at minimum: wind, civil commotion (including riots), smoke, hail, and damage caused by aircraft, vehicle, or explosion.

Policies that limit or exclude from coverage (in whole or in part) windstorm, hurricane, hail damage, or any other perils that normally are included under an extended endorsement are not acceptable. Borrowers may not obtain property insurance policies that include such limitations or exclusions unless they are able to obtain a separate policy or endorsement from another commercial insurer that provides adequate coverage for the limited or excluded peril, or from an insurance pool that the state has established to cover the limitations or exclusions.

The hazard insurance coverage should be equal to the lesser of:

- Replacement Cost Estimator
 - Provided from the property insurer, or
 - Provided from a 3rd party source (i.e., Corelogic)
- Estimated cost to replace the dwelling from a recent appraisal, if provided
- The unpaid principal balance of the mortgage (s).

Loss payee clause must reflect CHM as additional insured.

FLOOD INSURANCE

CHM must ensure that the property securing the subject mortgage loan is adequately protected by flood insurance when required. Flood insurance coverage is required when a mortgage loan is secured by a property located in:

- A Special Flood Hazard Area (SFHA), or
- A Coastal Barrier Resources System (CBRS) or Otherwise Protected Area (OPA).

CHM must determine whether or not the property is located in an SFHA by using the Standard Flood Hazard Determination form endorsed by FEMA. All flood zones beginning with the letter “A” or “V” are considered SFHAs.

The following table describes how to evaluate a property to determine if flood insurance is required. For the purpose of these requirements, the “principal structure” is the primary residential structure on the property securing the mortgage loan.

If...	Then flood insurance is...
any part of the principal structure is located in an SFHA,	required.
the principal structure is not located in an SFHA, but a residential detached structure attached to the land that serves as part of the security for the mortgage loan is located within the SFHA	required for the residential detached structure.
The principal structure is not located in an SFHA, but a non-residential detached structure attached to the land that serves as part of the security for the mortgage loan is located within the SFHA	not required on either structure.
The principal structure is not located in an SFHA, but a detached structure attached to the land that does not serve as part of the security for the mortgage loan is located within the SFHA	not required on either structure.

The maximum amount of flood insurance required is the lowest of:

- 100% of the replacement cost of the insurable value of the improvements,
- The maximum insurance available through the NFIP, or
- The unpaid principal balance (UPB) of the loans tied to the subject property.

Minimum coverage must be equal to the dwelling coverage for hazard insurance, subject to the following:

- 1-4 Unit Properties: If dwelling coverage for hazard insurance is greater than \$250,000 then flood coverage must be \$250,000 as this is the maximum allowed per FEMA.

The flood insurance policy must be one of the following:

- A standard policy issued under the NFIP, or
- A policy issued by a private insurer as long as the terms and amount of coverage are at least equal to that provided under an NFIP policy based on a review of the full policy issued by a private insurer.

TRANSACTION TYPES

ELIGIBLE TRANSACTIONS

Stand Alone Cash Out:

Any transaction not used to purchase the subject property is considered cash out.

- Subject property must be owned a minimum of six (6) months to be eligible, as measured from acquisition date to the date of the new Note.
- Loans not eligible for cash out:
 - Primary Residence, Second Home, or Investment properties listed for sale within the past six (6) months.
 - There has been a prior cash out transaction within the past six (6) months
 - Lien Free Properties – If the subject property is lien free, including delayed financing, ineligible
 - Frequent Refinances – Two (2) or more cash out refinances within the past twelve (12) months
 - All existing subordinate liens must be satisfied. No resubordinating permitted.
 - Payoff of a Land Contract/Contract for Deed.
 - If the cash out seasoning is less than 12 months, but greater than 6 months, the transaction property value is limited to the lower of the current appraised value or the property’s purchase price plus documented improvements.

INTERESTED PARTY TRANSACTIONS

A non-arm’s length transaction is not intended to bail out a family member who has had difficulties making their mortgage payment. A thorough review of the title report in these cases is required, as well as the payment history pattern (VOM) to ensure the mortgage being paid off is current.

OCCUPANCY TYPES

- Primary Residence – A primary residence is a property that the borrower occupies as his or her principal residence. May also be referred to as owner-occupied.
- Second Home – A second home is a property occupied by the borrower for some portion of the year. The following criteria applies:
 - Restricted to 1-unit dwellings.
 - Must be suitable for year-round occupancy.
 - The borrower must have exclusive control over the property. Cannot be subject to any agreements giving control over occupancy to a management firm, rental pool, or timeshare agreement.
- Investment Property – An investment property is owned but not occupied by the borrower.

INTER VIVOS REVOCABLE TRUST

An inter vivos revocable trust is permitted when the trust has an ownership interest in the subject property for all transaction types. The following requirements should be met. Not all requirements may be addressed, Fannie Mae requirements should be followed if these guides are silent.

The trust must be established by one or more natural persons, solely or jointly. The primary beneficiary of the trust must be the individual(s) establishing the trust. The trust must become effective during the lifetime of the person establishing the trust. If the trust is established jointly, there may be more than one primary beneficiary as long as the income or assets of at least one of the individuals establishing the trust will be used to qualify for the mortgage.

The trustee must include either:

- The individual establishing the trust (or at least one of the individuals, if 2 or more); or
- An institutional trustee that customarily performs trust functions in and is authorized to act as trustee under the laws of the applicable state.

The trustee must have the power to hold the title and mortgage the property. This must be specified in the trust. One or more of the parties establishing the trust must use personal income or assets to qualify for the mortgage.

The following documentation is required:

- The trust was validly created and is duly existing under applicable law,
- Attorney's Opinion Letter from the borrower's attorney or Certificate of Trust verifying all the following:
 - The trust is revocable,
 - The borrower is the settler of the trust and the primary beneficiary of the trust,
 - The trustee is:
 - Duly qualified under applicable law to serve as trustee,
 - Fully authorized under the trust documents and applicable law to pledge, or otherwise encumber the trust assets.

In lieu of the above, a complete copy of the trust documents certified by the borrower to be accurate, or a copy of the abstract or summary for jurisdictions that require a lender to review and rely on an abstract or summary of trust documents instead of the trust agreements can be provided. The Attorney also needs to verify that the trust has not been revoked, modified, or amended in any manner that would cause the representations to be incorrect.

CREDIT

CREDIT REPORTS

A credit report is required for each individual borrower, including any member of an entity providing a personal guaranty. The credit report should provide merged credit data from the three major credit repositories: Experian, TransUnion, and Equifax. Either a tri-merged credit report, or a Residential Mortgage Credit Report is required.

The credit report used to evaluate a loan may not reflect a security freeze. Any frozen credit must be unlocked, and a new credit report (tri-merge or Residential Mortgage Credit Report) must be obtained to reflect current and updated information from all required repositories.

GAP CREDIT REPORTING

A gap credit report or Undisclosed Debt Monitoring report is required no more than 10 days prior to loan closing or any time after closing. Any new debt must be included in determining the DTI ratio.

CREDIT INQUIRIES

Any credit inquiries listed on the report within 90 days of the report date must be explained by the borrower. If new credit was extended borrowers must provide documentation on the current balance and payment. If no credit was extended borrower must state the purpose of the inquiry. Borrowers are obligated to inform the Loan Officer of any new extension of credit, whether unsecured or secured, that takes place during the underwriting process and up to the consummation of the loan.

HOUSING HISTORY

The credit report must be reviewed to determine the payment status of all reported mortgage accounts for all real estate owned for the previous 12 months. Rolling late payments are not considered a single event. Each occurrence of a contractual delinquency is considered individually for loan eligibility.

- Housing payments must be paid current as of 45 days of the loan application date
- Any REO owned free & clear require a property profile report or similar document
 - Property taxes, hazard insurance, and homeowner's association dues (if applicable) are to be verified and included in DTI
- Borrower(s) who sold a primary residence within the past six (6) months, current residing rent-free, and purchasing a new primary residence are allowed.
 - 12-month mortgage history required on previous primary residence.
- If the borrower is renting current residence, then a most recent rental history is required reflecting paid as agreed.
 - A 3rd party VOR is required when the borrower is currently renting.
 - Any VOR completed by a private party, or any non-institutional landlord must be supported by alternative documentation showing the most recent six-month history (e.g., canceled checks, rental statements including pay history, etc.).

Mortgage Reporting on Credit Report

If adequate mortgage payment history is not included in the borrower's credit report the following must be provided to verify the borrower's payment history:

- Credit supplement; or
- Request for Verification of Mortgage (VOM) completed by the creditor; or
- Loan payment history from the Servicer; or
- Borrower's proof of payment (e.g., cancelled checks, ACH payments, bank statements, etc.)

Subject Mortgage(s) Not Reporting on Credit Report

First liens for the subject property not reporting on the credit report are ineligible for Stand-Alone cash out transactions.

CONSUMER CREDIT

Any non-mortgage account can be no more than 30 days delinquent at the of application. Any delinquent account must either be brought current or paid off at closing.

Installment Debt

Installment debt with less than 10 months' payments remaining may be excluded from the DTI, as long as the Borrower has the assets to make the remaining payments. If the payment is substantial and exceeds 5% of the borrower's qualifying income, the overall transaction should be reviewed to ensure the remaining payments will not impact the borrower's ability to handle the new mortgage payment.

Borrowers may pay down the debt such that the remaining balance is less than the sum of 10 months' payments. The assets used must be sourced. Loans secured by financial assets (i.e. 401k, margin loan, etc.) do not need to be included in the DTI provided the asset balance exceeds the loan balance.

Lease Payments

Lease payments must be considered as recurring monthly debt obligations and included in the DTI ratio calculations. This is regardless of the number of months remaining on the lease. This is because the expiration of a lease agreement for rental housing or automobile typically leads to either a new lease agreement, the buyout of the existing lease, or the purchase of a new vehicle or house.

Student Loans

If a monthly student loan payment is provided on the credit report, that payment may be used for qualifying purposes. If the credit report does not reflect the correct monthly payment, the payment that is on the student loan documentation (the most recent student loan statement) may be used to qualify the borrower. If the credit report does not provide a monthly payment for the student loan, or if the credit report reflects \$0 as the monthly payment, the qualifying monthly payment is determined as follows:

- A payment equal to 1% of the outstanding balance (even if this amount is lower than the actual fully amortized payment), or
- A fully amortized payment using the documented loan repayment terms.

Deferred Installment Debt

Deferred installment debts must be included as part of the borrower's recurring monthly debt obligations. For deferred installment debts other than student loans, if the borrower's credit report does not indicate the monthly amount that will be payable at the end of the deferment period, the borrower's payment letters or forbearance agreement must be obtained to determine the monthly payment that will be used in calculating the borrower's total monthly obligations.

Authorized User Accounts

Authorized User accounts can be excluded from the DTI ratio.

Open 30-Day Charge Accounts

For open 30-day charge accounts that do not reflect a monthly payment on the credit report, or 30-day accounts that reflect a monthly payment that is identical to the account balance, borrower funds must be verified to cover the account balance. The verified funds must be in addition to any funds required for closing costs and/or reserves.

Timeshares

Timeshare obligations will be treated as a consumer installment loan.

Business Debt

A business debt is a financial obligation of a business but may also be the responsibility of the business owner, making that person also liable for the debt. If the debt is reflected on the borrower's personal credit report, the borrower is personally liable for the debt, and it must be included in the DTI ratio. When a self-employed borrower claims that a monthly obligation that appears on their credit report (such as a Small Business Administration loan) is being paid by the borrower's business, documentation must be provided to verify that the obligation was actually paid out of company funds to exclude the debt.

Any of the following supporting documentation can be included in the credit file to exclude business debt:

- Most recent six (6) months of canceled checks drawn against the business account
- Tax returns reflecting the business expense deduction
- Business bank account statement showing assets remaining after funds to close and reserve requirements are deducted, with a balance greater than or equal to the balance of the debt.

If the debt is less than six (6) months old, the payment must be included in the DTI ratio.

Contingent Liability on Cosigned Obligations (Debt Paid by Others)

Contingent liability applies, and the debt must be included in the underwriting analysis, if an individual applying for a mortgage is a cosigner/co-obligor on:

- Car loan
- Student loan
- Mortgage
- Any other obligation

If documented proof is provided showing the borrower is not the part who is repaying the debt then the payment may be excluded from the qualifying DTI ratio. In order to exclude the debt, the most recent 12-months canceled checks or bank statements from the other party making the payments must be provided showing paid as agreed with no delinquent payments.

Alimony/Child Support

Alimony may be deducted from income rather than included as a liability, provided the alimony payments are tax deductible to the payer. Otherwise, include as a liability. Child support must be included as a liability. Alimony or child support with less than 10 months' payments remaining based on Note date may be excluded from the DTI, as long as the borrower has the assets to make the remaining payments.

Consumer Credit Charge-Offs and Collections

Delinquent credit, such as charge-offs of non-mortgage accounts and collections, have the potential to affect loan position or diminish borrower equity.

- Individual collection and non-mortgage charge-off accounts equal to or greater than \$250, and accounts that total more than \$2,000, must be paid in full prior to or at closing. See below for exceptions.
- Medical collections may remain open regardless of amount.
- 2nd mortgage or junior lien that has been charged off is subject to foreclosure seasoning periods for grade determination based upon the charge off date
- Collections and charge-offs that have expired under the state statute of limitations on debts may be excluded. Evidence of expiration must be documented.

Charge-offs and collections not excluded by the above bullet points must be paid or may stay open if using one or a combination of both of the following:

- Payments for open charge-offs or collections are included in the DTI (Subject to program DTI restrictions) based on a documented payment plan or a 5% estimated payment based on the current account balance.
- Reserves are sufficient to cover the balance of the charge-offs or collections and also meet reserve requirements.

Consumer Credit Counseling Services

Borrower enrollment in Consumer Credit Counseling Services (CCCS) is allowed when a minimum of 12 months have elapsed on the plan, and evidence of timely payments for the most recent 12-months is provided. The CCCS Administrator must also provide a letter allowing the borrower to seek financing on a new home while enrolled in the plan.

A monthly CCCS plan payment must be included in the DTI calculation.

Judgment or Liens

All open judgments, garnishments, and all outstanding liens must be paid off prior to or at loan closing.

Income Tax Liens

All income tax liens (federal, state, local) must be paid off prior to or at loan closing.

BANKRUPTCY HISTORY

All bankruptcies must be settled at time of application. Evidence of bankruptcy resolution is required. The length of time is measured from the discharge/dismissal date to the note date. Please refer to the program matrices for requirements.

Bankruptcy seasoning required for the Bridge program is 48 months (all bankruptcy types).

FORECLOSURE SEASONING

Recent foreclosures are not allowed. The length of time is measured from the settlement date to the note date.

In the case of a foreclosure which was included in Bankruptcy, the seasoning timeline will start from the earlier of: a) the date of discharge of bankruptcy; and b) the foreclosure completion date.

Foreclosure seasoning required for the Bridge program is 48 months.

SHORT SALE/DEED IN LIEU SEASONING

Recent short sales/deed-in-lieu of foreclosures are not allowed. The length of time is measured from the settlement date to the note date.

In the case of a short sale/deed-in-lieu which was included in Bankruptcy, the seasoning timeline will start from the earlier of: a) the date of discharge of bankruptcy; or b) the short sale/deed-in-lieu completion date.

Short Sale / Deed in Lieu seasoning required for the Bridge program is 48 months.

FORBEARANCE, MODIFICATION, OR DEFERRAL

Forbearances, modifications, and deferrals are considered under housing payment history as outlined below:

Greater than 12-months from Note Date:

- Forbearance, loan modifications, or deferrals (including COVID-19 related events) completed or reinstated greater than 12-months from the Note date of the subject transaction and having a 0x30x12 housing history are allowed.

Within 12-months of the Note Date:

- Forbearance, loan modifications, or deferrals (including COVID-19 related events) completed or reinstated within 12-months of the Note date of the subject transaction are not eligible.

CREDIT SCORE

Credit Score Selection:

- **Decision Score Definition-** Loan eligibility is based upon the representative credit score, also referred to as the Decision Credit score. A valid Decision Credit score requires at least one (1) borrower to have a minimum of (2) two credit scores. To determine a borrower(s) credit score, use the lower of two (2) or middle of three (3) credit scores.
- **For loans with multiple borrowers:** The borrower with the higher monthly income is considered the primary borrower and their credit score can be used as the Decision Credit score. When both borrowers are self-employed and jointly own the business, the highest score amongst the borrowers is used as the Decision Credit score.

TRADELINE REQUIREMENTS

If the primary borrower has three (3) credit scores, the minimum tradeline requirement is waived. For loans when the primary borrower has less than three (3) credit scores, each borrower must meet the minimum tradeline requirements, unless the co-borrower is the spouse of the borrower. In that case, only one (1) spouse is required to meet the minimum tradeline requirements outlined below.

The **minimum tradeline requirements** are as follows:

- At least three (3) tradelines reporting for a minimum of 12-months, with activity in the last 12-months, or
- At least two (2) tradelines reporting for a minimum of 24-months, with activity in the last 12-months.

Borrowers who do not meet one of the above tradeline requirements, but have a minimum of two credit scores, can alternatively satisfy the tradeline requirement by meeting the requirements below:

- No fewer than eight (8) tradelines are reporting, one (1) of which must be a mortgage or rental history.
- At least one (1) tradeline has been open and reporting for a minimum of twelve (12) months.

- The borrower has an established credit history of at least eight (8) years.
- Tradelines with recent serious adverse history are not acceptable.
- Student loans can be counted in credit depth as long as they are in repayment and not being deferred.

The following are not acceptable to be counted as a tradeline:

- Self-reported tradelines
- Any liabilities in deferment status
- Accounts discharged through bankruptcy
- Authorized user accounts
- Disputed accounts
- Non-Traditional credit as defined by FNMA
- Charge-offs, collection accounts,
- Foreclosures, deed in lieu of foreclosure, short sales, or pre-foreclosure sales.

OBLIGATIONS NOT APPEARING ON CREDIT REPORT

Housing and Mortgage Related Obligations

Housing and mortgage-related obligations include property taxes, premiums and similar charges that are required by the creditor (i.e., mortgage insurance), ground rent, and leasehold payments. All properties owned by the borrower must be fully documented in this regard. These obligations must be verified using reasonably reliable records such as taxing authority or local government records, homeowner’s association billing statements, information obtained from a valid and legally executed contract.

Current Debt Obligations, Alimony, and Child Support

A lender may use a credit report to verify a borrower’s current debt obligations, unless the lender has reason to know that the information on the report is inaccurate or disputed. Obligations that do not appear on the credit report, such as alimony and child support, must be documented through other methods according to Fannie Mae guidelines.

When the borrower is required to pay alimony, child support, or separate maintenance payments under a divorce decree, separation agreement, or any other written legal agreement – and those payments must continue to be made for more than 10 months – the payments must be considered as part of the borrower’s recurring monthly debt obligations. However, voluntary payments do not need to be taken into consideration and an exception is allowed for alimony. For alimony obligations, the option to reduce the qualifying income by the amount of the alimony obligation in lieu of including it as a monthly payment in the DTI ratio is permitted. If this option is exercised, a copy of the divorce decree, separation agreement, court order, or equivalent documentation confirming the amount of the obligation must be obtained and retained in the loan file.

ASSETS

ASSET REQUIREMENTS

Asset documentation is only necessary when the borrower is required to bring in funds to close. Assets should be liquid or able to be liquidated without restriction by the borrower. The documentation requirement for all transactions is a single account statement covering a one (1) month period and dated within ninety (90) days of the Note date.

ASSET DOCUMENTATION

The following may be used as asset documentation for down payment, closing costs, and reserves.

- Account Statements
 - Statements must include the following:
 - Name of financial institution
 - Reflect borrower as the account holder (funds held jointly with another individual are considered 100% of the borrower's funds)
 - Account number
 - Statement date
 - Time period covered by the statement
 - Available balance in U.S. dollar denomination
 - Assets held in foreign accounts must be translated to English and verified in US Dollar equivalency at the current exchange rate either <http://www.xe.com> or the Wall Street Journal conversion table.
- Assets held in a Trust require the following:
 - Obtain written documentation (e.g., bank statements) of the value of the Trust account from either the Trust Manager or the Trustee, and
 - Document the conditions under which the borrower has access to the funds
- Accounts verified using a 3rd party vendor participating in the FNMA Day 1 Certainty process.
- Verification of Deposit completed by the verifying financial institution (FNMA Form 1006).
- Borrowed funds secured by an asset are an acceptable source of funds for the down payment, closing costs, and reserves, since borrowed funds secured by an asset represent a return of equity. Assets that may be used to secure funds include automobiles, artwork, collectibles, real estate, or financial assets, such as savings accounts, CDs, stocks, bonds, and 401k accounts. When loans are secured by the borrower's financial assets, monthly payments for the loan do not have to be considered as long-term debt.

When bank statements are used, large deposits must be evaluated. Large deposits are defined as a single deposit that exceeds 50% of the borrower's qualifying monthly income.

- Stocks/bonds/mutual funds – 100% of the account(s) may be considered for assets.
- Vested retirement account (e.g., IRA, 401k, Keogh, 403b) – 70% of the vested balance may be considered for assets. For down payment and closing costs, if the funds haven't been liquidated, confirm the borrower can access/withdraw funds.
- Business accounts may be considered for assets.

- The amount of business assets that may be utilized is limited to the borrower’s ownership percentage in the business.
- Cash Value of Life Insurance – 100% of the cash surrender value less any loans may be considered for assets.
- Non-regulated Financial Assets
 - Crypto Currency – Bitcoin and Ethereum are eligible sources of funds for the down payment, closing costs, and reserves.
 - Down payment and closing costs: currency must be liquidated and deposited into an established US bank account.

RESERVES

Stand-Alone Transactions: Reserves are not required.

GIFT FUNDS

Gift funds are not permitted.

INELIGIBLE ASSETS

- Non-vested or restricted stock accounts
- Cash-on-hand
- Sweat Equity
- Down payment assistance programs
- Grant or Gift Funds which must be repaid
- Unsecured loans or cash advances
- 529 savings plan
- Funds contributed by a non-borrowing spouse unless documented as a gift.

INCOME

INCOME ANALYSIS

Employment/Income Verification

- A minimum of two (2) years of employment history for both wage/salary or self-employment, is required to be documented on the loan application. When the borrower has less than a two (2) year history of employment, positive factors should be documented to offset the shorter employment history, such as education or training.

- Any gaps of employment that span one or more months must be explained.
- Salary/Wage Earner – income derived from employment at a business. Compensation may be based upon a salary, hourly wage, bonus, commission, or overtime.
- Any borrower with a 25% or greater ownership interest in a business/entity or is paid using IRS Form 1099 is considered self-employed.
- The following are common business structures:
 - Sole proprietorship
 - Limited Liability Company (LLC)
 - Partnerships
 - S-Corporations
 - Corporation
- If any borrower is no longer employed in the position disclosed on the loan application at the time the loan is purchased, the loan will not be eligible for purchase.

Earnings Trends

When 12+ months of income are analyzed for qualification, prior year versus year-to-date income amounts must be compared using the borrower’s W2 forms, signed federal income tax returns, or bank statements. The earnings trends are addressed as follows:

- Stable or increasing: Defined as annual income that is equal to, greater than, or less than 20% below the prior year’s income. The income amounts will be averaged.
- Declining but stable: If the earnings trend shows a decline in borrower income of 20% or more on a year over year basis, but the most recent 12-month earning has stabilized and there is no reason to believe the borrower’s employment will change, the most recent 12-month average of income will be used.

DEBT-TO-INCOME (DTI) RATIO

The Debt-To-Income (DTI) ratio is calculated and reviewed for adherence to guidelines and the inclusion of all income and liability expenses. Refer to most recent program matrix for applicable details.

- **Maximum DTI Ratio:**
 - 50% DTI for CLTV ≤ 80%
 - 45% DTI for CLTV > 80%

DOCUMENTATION OPTIONS

Standard and Alt Doc income documentation options are available. In addition to wage/salary income, Standard documentation includes various other types of income. See Other Sources of Income section for documentation requirements. Income should be calculated and documented according to these guidelines. If a specific source of income is not referenced in these guidelines, the FNMA guidelines for that income source may be used.

INELIGIBLE INCOME SOURCES

- Boarder income
- Educational benefits

- Gambling winnings
- Mortgage Credit Certificates
- Mortgage Differential Payments
- Refunds of federal, state, or local taxes
- Cannabis (see below)
 - Guidelines for income derived from cannabis:
 - Self-employed income (active or passive) derived from a company involved in cultivation, transportation, retailing, etc. is not allowed regardless of percentage of company ownership.
 - Income from borrowers who are wage earners only in the industry are allowed.

STANDARD DOCUMENTATION

A minimum two (2) year history of receipt of wage/salary or self-employment income is required.

Wage/Salary Income

- The borrower’s most recent pay stubs reflecting 30 days of pay and YTD earnings, along with IRS W2 forms or W2 transcripts covering the most recent one (1) year; or
- Income verification provided by a FNMA approved 3rd party Vendor (e.g., The Work Number) evidencing income from the most recent 1 or 2 years (as applicable) along with year-to-date earnings.
 - FNMA WVOE Form 1005 is not eligible for standard income documentation unless used in conjunction with documents verifying variable income. See Overtime/Bonus/Commission section.
- When tax returns are required, as in the case of income earned from subject or non-subject investment property REO, the most recent one (1) year tax returns should be provided. The definition of the “most recent” is the last return scheduled to have been filed with the IRS. Any borrower who applied for a tax return extension must provide a copy of the extension in the credit file along with the prior one (1) year tax returns based on the documentation method selected.
- Employment status can be established as follows for wage/salary borrowers:
 - A YTD pay stub dated within 30 days of the Note date; **or**
 - A Verbal VOE dated no more than 10 calendar days prior to the Note date. The VVOE should include the following data:
 - Borrower name
 - Loan number
 - Current position
 - Verification that borrower’s employment is currently active
 - Employer name/company name
 - Employer contact name and title
 - Name of individual who completed the VVOE
 - Business phone number must be independently verified; **or**

 - Work e-mail address of the individual contacted by the employer
 - Borrower name
 - Current position

- Current employment status

Self-Employment Income

 - Evidence of filing may include one of the following:
 - IRS Form 8879 e-File Signature Authorization for the provider that prepared the return, or
 - E-mail provided from the software used to prepare the return showing successful submission of the return to the IRs,
 - If evidence of filing is not provided, tax transcripts for personal and business returns are required.
 - In lieu of tax returns, tax transcripts for the most recent one (1) year may be provided as applicable. In certain cases, tax returns will be required as transcripts will not provide the details required to establish eligible qualifying income for the borrower.
- If the borrower pays themselves wage income, a YTD pay stub must be included in the file.
- When analyzing tax returns, the following may be added back to the applicant's income calculation:
 - Depreciation
 - Depletion
 - Business use of home
 - Amortization/casualty loss
 - Ordinary income (loss) from other partnerships
 - Nonrecurring other (income) loss
 - Any expense(s) that can reasonably be documented to be one-time and non-recurring
 - Net operating loss carryforwards from years prior to the tax returns provided
- If the tax return date exceeds 90 days from the Note date, a YTD Profit and Loss Statement (P&L), signed and dated by the borrower, up to and including the most recent month preceding the loan application date and two (2) business checking account statements for the two (2) most recent months reflected on the P&L. The P&L may be either: prepared by a 3rd party or prepared by the borrower. If a gap exists between the tax return ending date and the start date of the P&L, a gap-year P&L is also required. The qualifying income is determined from the tax returns; the P&L is used to determine the stability of that income. The bank statements for the two (2) most recent months must reflect deposits that support the sales from the P&L and the qualifying income from the prior year(s) tax returns.
- Employment status can be established as follows for self-employed borrowers:
 - If the most recent tax return in the file is dated within 90 days of the Note date, no additional verification required.
 - If the tax return exceeds 90 days of the Note date, a YTD P&L dated within 90 days of the Note date is required, along with two most recent bank months of bank statements supporting the income used to qualify.

Other Sources of Income

- **Alimony or Child Support:** Alimony or child support income is allowed with 3rd party documentation evidencing receipt of at least six (6) months. Document the support will continue for at least three (3) years by one of the following:
 - Alimony:

- Copy of final divorce decree or final separation agreement describing the payment terms.
 - Any other type of written legal agreement or court decree describing the payment terms.
 - Child Support:
 - Copy of final divorce decree or final separation agreement describing the payment terms.

 - The full amount of qualifying child support income may be treated as nontaxable and grossed up at 25% without supporting documentation verifying the nontaxable status.
- **Auto Allowance:** The borrower must have received payments for at least two (2) years. Add the full amount of the allowance to monthly income and the full amount of the lease or financing expenditure to the monthly debt obligations.
- **Capital Gains:** Capital Gains income must be averaged over two (2) years and documented with the following:
 - Most recent two (2) years of personal tax returns, including IRS Form 1040, Schedule D.

 - W2s for the most recent two (2) years.
 - Pay stub(s) covering the most recent 30-day period.
 - Clarification of the potential ownership of family-owned businesses by the borrowers may also be required. A borrower may be an officer of a family-owned business, but not an owner. Verification of borrower’s status should be provided by written confirmation obtained from a CPA or legal counsel.
- **Employment Offers or Contracts:** For borrower(s) starting new employment, the loan file must contain a copy of an executed offer or contract plus the first pay stub. The first pay stub must be dated prior to the Note date.
 - The offer or contract cannot be for employment by a family member or interested party to the transaction.
- **Foreign Income:** Foreign income is income earned by a borrower (US Citizen or Permanent Resident Alien) who is employed by a foreign corporation or foreign government and is paid in foreign currency. Borrowers may use foreign income to qualify if they provide copies of the following:

- Signed federal income tax returns or transcripts for the most recent two (2) years that include foreign income.
 - Standard documentation requirements based upon the source and type of income.
 - Any documents not in English or US currency must be translated.

 - Verify the foster care income with letters of verification from the organization providing the income.
 - Documentation verifying that the borrower has received foster care income for a minimum one (1) year period.
 - Qualifying income is based upon the current amount received.
- **Housing/Parsonage Income:** Housing or parsonage income may be considered qualifying income if there is documentation that the income has been received for the most recent 24 months and the allowance is likely to continue for the next three (3) years. The housing allowance may be added to income but may not be used to offset the monthly housing payment. The following documentation is required:
 - The two (2) most recent years of tax returns are required.
 - Written documentation, such as WVOE, provided by the church, must be obtained.
 - The housing allowance, although not subject to federal income taxes, is subject to self-employment taxes. Gross income on Schedule SE of the borrower's IRS Form 1040 should include the housing allowance paid.
- **Interest/Dividends:** Verify the borrower's ownership of the assets on which the interest or dividend income was earned. Documentation of asset ownership must be in compliance with the Age of Document Requirements section.
 - Document a two-year history of the income, as verified by copies of the borrower's federal income tax returns.
 - Develop an average of the income received for the most recent two (2) years.
 - Subtract any assets used for down payment or closing costs from the borrower's total assets before calculating expected future interest or dividend income.
- **Non-Taxable Income:** If the income is verified to be nontaxable, and the income and its tax-exempt status are likely to continue, it is possible to develop an "adjusted gross income" for the borrower by adding an amount equivalent to 25% of the nontaxable income to the borrower's income.
 - Child support income: The full amount of qualifying child support income may be treated as nontaxable and grossed up 25% without supporting documentation verifying the nontaxable status.
 - Social Security income: Income may be grossed up at 15% without documentation verifying the nontaxable status.
- **Notes Receivable Income:** Note receivable income may be used for qualifying subject to the following:
 - Verify that the income can be expected to continue for a minimum of three (3) years from the date of the mortgage application.
 - Obtain a copy of the Note to establish the amount and length of payment.
 - Document regular receipt of income for the most recent 12-months using either canceled checks, bank statements, or federal tax returns.

- Payments on a Note executed within the past 12 months, regardless of the duration, may not be used as stable income.
- **Pension, Retirement, Annuity:** If retirement income is paid in the form of a distribution from a 401k, IRA, or Keogh retirement account, determine whether the income is expected to continue for at least three (3) years after the Note date. In addition, the borrower must have unrestricted access to the accounts without penalty. Document regular and continued receipt of the income with the following:
 - Pension/Social Security/VA – provide one of the following:
 - Award letter(s) from the organizations providing the income, **or**
 - Two years prior 1099s and 30-days current proof of receipt
 - To gross up – see Non-Taxable Income section.
 - 401k/Keogh/IRA – provide all of the following:
 - Account statement(s) reflecting available balance for withdrawals
 - One-year 1099
 - One month’s proof of current receipt
 - Minimum history of withdrawals for the most recent 12-months is required.
- **Rental Income (Standard Documentation):** Rental income may be used for qualifying income subject to the following documentation requirements:
 - Rental income from other properties must be documented with the borrower’s most recent signed federal income tax returns that includes Schedule E. Leases are required for properties where rental income is being used to qualify and the property was acquired during or subsequent to the most recent tax filing year or the rental property was out of service for an extended period. For commercial properties a copy of the lease or rent roll is required.
 - Proposed rental income from the comparable rent schedule, reflecting long term rental rates, may be used for qualifying if there is not a current lease or assignment of lease on a purchase of an investment property.
 - Properties with expired leases that have converted to month to month per the terms of the lease will require bank statements for the lesser of 2 months or the time period after the lease expired.
 - A 25% vacancy factor must be applied to the gross rent used for qualifying. Multiply the gross rent by 75% and subtract the PITIA to arrive at the rental income/loss used for qualifying.
 - Commercial properties owned on Schedule E must be documented with a rent roll and evidence that the primary use and zoning of the property is commercial.
 - Application of Rental Income:
 - Primary Residence
 - The monthly qualifying rental income (as defined above) must be added to the borrower’s total monthly income. (The income is not netted against the PITIA of the property.)
 - The full amount of the mortgage payment (PITIA) must be included in the borrower’s total monthly obligations when calculating the DTI ratio.
 - Investment Property
 - If the monthly qualifying rental income (as defined above) minus the full PITIA is positive, it must be added to the borrower’s total monthly income.
 - If the monthly qualifying income minus the full PITIA is negative, the monthly net rental loss must be added to the borrower’s total monthly obligations.

- The full PITIA for the rental property is factored into the amount of the net rental income (or loss); therefore, it should not be counted as a monthly obligation.
 - The full monthly payment for the borrower’s principal residence (full PITIA or monthly rent) must be counted as a monthly obligation.

- **Restricted Stock Units (RSU) Income:** Restricted stock units (RSU) are issued to an employee through a vesting plan and distribution schedule. RSUs give an employee interest in company stock but have no tangible value until vesting is complete. The RSUs are assigned a fair market value when they vest and are considered ordinal income with a portion of the shares withheld to pay income taxes upon vesting. The employee receives the remaining shares and can sell them at their discretion. Restricted stock options may be used as qualifying income when all the following requirements are met:
 - Income has been consistently received for the prior two (2) years and is verified it will continue for three (3) years.
 - RSU income is calculated using the past two (2) year average.
 - If the RSU income is declining, proof of stability must be provided, and the most conservative average must be used for qualifying.
 - Borrowers must be employed at the same company that issued the RSUs.
 - Employer must be a publicly traded entity (e.g., a Fortune 500 company).
 - Non-vested restricted stock is not an acceptable source of income or reserves.
 - Vested RSUs may not be considered as qualifying income if there are also used for down payment, closing costs, and/or reserves.
 - The following documentation is required:
 - Evidence that the stock is publicly traded.
 - The most recent vesting schedule or issuance agreement showing continuance of RSU income.
 - Evidence of the payouts of RSUs for the past two (2) years. Acceptable verification includes any of the following:
 - Tax returns for the last two (2) years, reflecting RSU income.
 - Year-end pay stubs reflecting the RSU payout,
 - Any employer-provided statement paired with a brokerage or bank statement, showing the transfer of shares or funds, that includes the (a) date of the payout and (b) the number of vested shares and their cash equivalent distributed to the borrower.

- **Royalty Income:** Confirm that the borrower has received royalty payments for at least the last 12-months and that the payments will continue for a minimum of three (3) years after the Note date. Obtain copies of the following:
 - Royalty contract, agreement, or statement confirming amount, frequency, and duration of the income.
 - The borrower’s most recently signed federal income tax return, including IRS Form 1040 and Schedule E.

- **Teacher Income:** Teachers are paid on a 9-month, 10-month, or 12-month basis. The pay structure should be determined before calculating the monthly income. If unable to determine the pay frequency, documentation such as the copy of their contract or documents from the school district’s personnel office may be required.

- **Tip Income:** Tips and gratuity income may be considered if the receipt of such income is typical for the borrower's occupation (i.e., waitperson, taxi driver, etc.). Tip income should be received for the most recent two (2) years. Documentation will be based upon the documentation type selected (12- or 24-months). Obtain one (1) or two (2) years of federal income tax returns along with a YTD pay stub. Income should be averaged over the time period verified. If the tip income is not reported on the pay stub(s) or tax returns, then it may not be included in the qualifying income.

- **Trust Income:** Confirm the trust income by obtaining a copy of the trust agreement or the trustee's statement confirming the amount, frequency, and duration of payments:
 - Trustee statement evidencing borrower is a beneficiary and income will continue for three (3) years.
 - Variable trust income: Use an average over the length of time per the doc type selected.
 - Fixed trust income: Use the fixed payment as documented.
 - If the borrower creates the trust as trustee, the assets within the trust must be verified with 3rd party documentation (i.e., bank statements). Income will be calculated using asset utilization methodology.
 - Unless the income is received monthly, documentation of current receipt of the income is not required if the income is on the borrower's most recent tax return.

- **Unemployment Benefit Income:** Income derived from unemployment compensation is generally not allowed due to the limited duration of its receipt. Seasonal unemployment, however, can be considered if the borrower is employed in a field where weather affects the ability to work, and where unemployment compensation is often received (i.e., construction). The income can be used to qualify with a two-year history in the same field of work and a two-year history of receipt of unemployment compensation. Income should be averaged over the time period verified.

- **VA Benefits:** Document the borrower's receipt of the VA benefits with a letter or distribution form from the VA, along with a one-month proof of receipt. Verify that the income can be expected to continue for a minimum of three (3) years from the Note date. (Verification is not required for VA retirement or long-term disability benefits.) Education benefits are not acceptable income because they are offset by education expenses.

- **Variable Income – Overtime/Bonus/Commission:** Variable income sources are eligible provided the borrower has a minimum 2-year history of receiving such income in the same line of work. Variable income earned for less than one (1) year may not be used to qualify. Variable earnings must be averaged over the most recent one (1) or two (2) years based upon the documentation type, and include the following:
 - Most recent YTD pay stub reflecting the variable earnings;
 - W2 forms covering the most recent 1-year or 2-year period;
 - A completed Written Verification of Employment (WVOE) – FNMA Form 1005 detailing base, overtime, commission, or bonus earnings.

ALT DOC – BANK STATEMENTS

Personal bank statements or business bank statements may be used to document self-employment income.

Bank statements may be obtained from the borrower or obtained from a 3rd party asset vendor participating in the FNMA Day 1 Certainty process.

- Borrowers must be self-employed for at least two (2) years. The employment section of the loan application must be completed with a minimum of two (2) years self-employment history.
 - If the nature of the borrower’s business cannot be determined from the loan application, a business narrative may be provided by the borrower.
- The business being used to source income must be in existence for a minimum of two (2) years as evidenced by one of the following:
 - CPA Letter, or
 - Business License, or
 - Bank statement from 24 or more months prior to the Note date reflecting activity, or
 - Other reasonable evidence of business activity.
- Nonprofit Entities are not eligible.
- Income and expense documentation must be prepared or validated by an acceptable 3rd party source with knowledge of the borrower’s business.
- Funds/Deposits in an IOLTA (Trust) are ineligible.
- Tax returns and 4506C are not required for the bank statement option.
- Alt Doc income may be combined with other income sources that are documented as Standard Doc but not associated with self-employment, such as wage income from spouse or domestic partner. When wage income is combined with Alt Doc, a tax return is not required for the standard full income documentation. If the 4506C form is provided, box 8 should be checked to obtain a transcript of W2 earnings.

Bank Statement Options / Income Analysis

In addition to the factors described in the Income Analysis section of the Standard Documentation section, the following should also be considered:

- Deposits should be reviewed for consistency.
- Deposits from alternative payment processing applications (i.e., Square, Venmo) are eligible.
- Inconsistent or large deposits should be sourced or excluded from the analysis. The definition of an inconsistent or large deposit is any deposit exceeding 50% of the average monthly sales of the business.
- Changes in deposit pattern must be explained.
- Income documented separately, but included as deposits in the statement under review, must be backed out of deposits.

Personal Bank Statement Review

A personal bank account is held in the individual borrower(s) name. The following documentation requirements and analysis methods apply:

Documentation Requirements:

- 12-months of consecutive personal bank statements, the most recent statement dated within 90-days of the Note date.

- Most recent two (2) months of business bank statements.
- Verify that the borrower owns at least 20% of the business by providing one of the following:
 - CPA Letter, Tax Preparer letter, operating agreement, or equivalent, reflecting the borrower's ownership percentage.

Calculation Method

- Only transfers or deposits from the business account(s) are eligible deposits. Qualifying income is calculated using the sum of the total eligible deposits from the statements reviewed divided by the number of statements. The most recent bank statement must be consistent with the qualifying income.
- If the personal account is jointly owned, and the joint owner is not an owner of the business, deposits that are not readily identifiable as transfers from the business accounts or business deposits must be excluded unless sourced.
- ATM deposits may be included if a consistent pattern of such deposits is present.
- Two (2) months of business bank statements, which must:
 - Evidence activity to support business operations.
 - Reflect transfers to the personal account.

Business and Co-mingled Bank Statement Review

A business bank statement used for ongoing operations of the business must reflect the name of the business as completed on the loan application.

- Verify that the borrower has ownership of at least 25% of the business by providing one of the following:
 - CPA Letter, Tax Preparer letter, operating agreement, or equivalent, reflecting the borrower's ownership percentage.
- Net income from the analysis of the bank statements is multiplied by the borrower's ownership percentage to determine the borrower's qualifying income.

A co-mingled bank statement is a personal account used by a borrower for both business and personal use. A separate business account is not required.

- Verify that the borrower has 100% ownership of the business by providing one of the following:
 - CPA Letter, Tax Preparer letter, operating agreement, or equivalent, reflecting the borrower's ownership percentage.
- The borrower must be the sole owner of the business listed on the loan application.

Borrower and spouse with a combined 100% ownership of the account are eligible.

Standard Expense Ratio – 50%

- Documentation Requirements
 - A standard 50% expense factor will be applied to the total of all eligible deposits.
 - 12-months of consecutive business bank statements, the most recent statement dated within 90 days of the Note date
- Income Calculation Method
 - Total deposits from all bank statements, less any inconsistent deposit(s), multiplied by 50%, multiplied by ownership percentage, divided by the number of bank statements reviewed.
 - $\text{Deposits} \times 50\% \times (\text{ownership \%}) / 12 = \text{qualifying income.}$

3rd Party Prepared Business Expense Statement Letter

- Documentation Requirements
 - 12-months of consecutive business bank statements, the most recent statement dated within 90 days of the Note date.
 - Business expense statement letter to include:
 - Name of business
 - Business expenses as a percentage of the gross annual sales/revenue
 - Prepared or reviewed by a 3rd party with knowledge of the business (e.g., CPA/Accountant, IRS Enrolled Agent, or tax preparer)
 - Signed by the 3rd party preparer/reviewer
- Income Calculation Method
 - Total deposits from all bank statements, less any inconsistent deposit(s), multiplied by the expense factor provided (subject to a minimum total expense percentage of 10%), multiplied by the ownership percentage, divided by the number of bank statements reviewed.
 - $\text{Deposits} \times (\text{expense ratio}) \times (\text{ownership \%}) / 12 = \text{qualifying income.}$

3rd Party Prepared P&L Statement

- Documentation Requirements
 - 12-months of consecutive business bank statements, the most recent statement dated within 90 days of the Note date.
 - P&L covering 12-months (determined by the months of bank statements provided)
 - Prepared or reviewed and acknowledged by CPA/accountant/IRS Enrolled Agent, or tax preparer.
 - Signed by the 3rd party preparer/reviewer.
- Income Calculation Method
 - P&L Sales/Revenue must be supported by the provided bank statements. Total deposits reflected on the bank statements, minus any inconsistent deposits, must be greater than or no more than 20% below the sales/revenue reflected on the P&L. The bank statement and P&L must cover the same time period. If the deposits support the sales, qualifying income is the lower of:
 - The net income indicated on the P&L divided by the number of statements (12), or
 - Total deposits reported on the bank statements, minus any inconsistent deposits, divided by the number of statements (12).
 - When analyzing the P&L statement, the following may be added back to the applicant's income calculation:
 - Depreciation
 - Depletion
 - Amortization/casualty loss

Non-Sufficient Funds

Non-sufficient funds (NSFs) or negative balances reflected on the bank statement(s) must be considered. Overdraft protection fees associated with a pre-arranged link to a savings account or line of credit must also be considered unless one of the following conditions exists:

- Overdraft protection from a depository account: Occurrences may be excluded if statements for the linked account confirm that (a) the linked account balance at the time of transfer exceeded the amount of the overdraft transfer, (b) the linked account's balance did not report as zero or negative at any point during the statement period of the transfer, and (c) the linked account did not itself receive overdraft protection proceeds during the statement period of the transfer.
- Overdraft protection from a line of credit: Occurrences may be excluded if statements for the linked account confirm that (a) the line's credit limit was not exceeded during the statement period of the transfer, and (b) a payment amount which equals or exceeds the sum of all overdraft protection occurrences analyzed in the statement period is made within thirty (30) days after the statement close date.
- Occurrences included in the analysis are subject to the following tolerances:
 - An occurrence is defined as one or more checks returned the same day.
 - If there are one (1) or more occurrences in the most recent three (3) month time period, up to three (3) occurrences are allowed in the most recent 12-month period.
 - If there are zero (0) occurrences in the most recent three (3) month time period, up to five (5) occurrences in the most recent 12-month time period are acceptable.
- Exception requests for tolerance deviations must include (a) a letter of explanation from the borrower outlining the reason for the occurrences and an explanation of how and when the issue leading up to the occurrences was rectified, and (b) additional compensating factors outlined by the underwriter supporting the viability of the income
- The underwriter must consider the financial strength of a self-employed borrower's business.

ALT DOC – RENTAL INCOME

Rental income may be included in loan qualification for Alt Doc income types, to be considered the following documentation must be provided:

- **Long Term Rental:**
 - A copy of the lease(s) for the rental property.
 - Must provide two (2) months of proof of receipt of rental income. The deposits must be to a separate bank account. Any deposits in the business bank statements used in the business income analysis are not eligible.
 - 75% of the verified monthly rental income can be used to offset the PITIA of the rental property.
 - If the deposits cannot be validated in a separate account, the full PITIA of the rental unit must be included in the qualifying DTI ratio.
 - If the transaction type is a purchase of an investment property, and the income from the subject property is considered in the underwriting, proposed rental income from the

comparable rent schedule, reflecting long term rental rates, may be used for qualifying if there is not a current lease or assignment of lease.

- **Short Term Rental:**

- Property leased on a short-term basis utilizing an online service such as Airbnb gross monthly rents can be determined by using a 12-month look back period to account for seasonality.
- Rents for the look back period must be documented with either 12 monthly statements or an annual statement provided by the online service. In the event the borrower owns a single rental property, bank statements with deposits clearly identified/sourced as rental income can be substituted. If two or more rental properties are owned, statements from an online service must be provided to associate rents received with a specific property.
 - 75% of the verified monthly rental income can be used to offset the PITIA of the rental property.
- A screen shot of the online listing must show the property(s) activity marketed as a short-term rental.

Application of Rental Income:

- **Primary Residence**
 - The monthly qualifying rental income (as defined above) must be added to the borrower's total monthly income. (The income is not netted against the PITIA of the property.)
 - The full amount of the mortgage payment (PITIA) must be included in the borrower's total monthly obligations when calculating the DTI ratio.
- **Investment Property**
 - If the monthly qualifying rental income (as defined above) minus the full PITIA is positive, it must be added to the borrower's total monthly income.
 - If the monthly qualifying income minus the full PITIA is negative, the monthly net rental loss must be added to the borrower's total monthly obligations.
 - The full PITIA for the rental property is factored into the amount of the net rental income (or loss); therefore, it should not be counted as a monthly obligation.
 - The full monthly payment for the borrower's principal residence (full PITIA or monthly rent) must be counted as a monthly obligation

ALT DOC – IRS FORM 1099

Permitted for individual(s) earning 100% commission or for independent contracts.

- 1-year or 2-years of 1099s or 1099 transcript(s) permitted

 - 90% net margin (10% Expense Factor), or
 - 3rd party prepared P&L (CPA, EA, accountant, tax preparer).
- A minimum 2-year self-employment history is required (e.g., 1099 income) as documented from the employment section of the loan application.

- Qualifying income is the 12- or 24-month monthly average from the total number of 1099's minus the expense factor from the method chosen above.
- YTD earnings must be documented when the 1099 reporting period is greater than 90 days from the Note date. YTD earnings must support the ongoing receipt of income as shown on the 1099s by:
 - Checks or a single check stub(s) with YTD totals if available, or
 - Bank Statements (YTD).
 - The YTD earnings from the total of the check stubs or the tally of deposits from the bank statements must be within 10% or greater than prior year earnings.

PROPERTY ELIGIBILITY

APPRAISALS

Appraisal Requirements

Primary and secondary valuation products are required. Primary valuation products are referenced below. See Appraisal Review Products section for eligible valuation products.

- Prior 1st lien appraisal dated within 12-months of subject Note date allowed subject to the following:

 - A new Property Condition Report (PCR) with acceptable findings, and
 - Recertification of value by original appraiser, and
 - AVM within 30-days of the Note date from approved vendor with acceptable FSD.
 - The lower of the Prior Appraisal or the current AVM will be used to determine CLTV.

AVM Vendors

The following AVM Vendors are acceptable:	
AVM Vendor	Acceptable FSD Score Range at 90%
Clear Capital	0.00 to 0.13
Collateral Analytics	0.00 to 0.10
House Canary	0.00 to 0.10

Appraisal Review Products (1-4 Residential Property)

An appraisal review product is required on every loan file unless a second appraisal is obtained. The appraisal review product should provide an "as is" value for the subject property (the "Appraisal Review Value") as of the date of the subject loan transaction.

The following review products are eligible when the primary valuation is a full appraisal:

- If the FNMA Collateral Underwriter score exceeds 2.5 the file must include either an enhanced desk review, field review, or second appraisal.
- An enhanced desk review product from one of the following choices:
 - ARR from Stewart Valuation Intelligence FKA Pro Teck
 - CDA from Clear Capital
- If the enhanced desk review or BPO product reflects a value more than 10% below the appraised value or cannot provide a valuation, the file must include either a field review or second appraisal. A field review or second appraisal is acceptable. These may not be from the same appraiser or appraisal company as the original report.
- AVM with 30-days of the Note date (if primary valuation based on an AVM, review must be a different vendor)
 - If two AVMs are ordered, the AVM with the higher FSD (closest to zero) will be treated as the primary valuation product.
 - The second AVM will be treated as the secondary valuation product and must support the primary AVM within 10%.
 - If both AVMs have the same FSD, the lower of the two property values must be utilized for determining the CLTV.
- Broker Price Opinion (BPO)

Escrow Holdbacks

Escrow holdbacks are not allowed. Any repair or maintenance required by the appraiser must be completed prior to loan purchase.

Declining Markets

The loan transaction is subject to a CLTV cap if the property is in a declining market as defined by the appraiser and/or AVM. The program specific CLTV caps are as follows:

 - The price in the borrower’s purchase agreement exceeds the property Seller’s acquisition price by more than 10% if the property Seller acquired the property 90 or fewer days prior to the date of the borrower’s purchase agreement. The price in the borrower’s purchase agreement exceeds the property Seller’s acquisition price by more than 20% if the property Seller acquired the property 91-180 days prior to the date of the borrower’s purchase agreement.
 - The acquisition date is the day the Seller became the legal owner. The purchase date is the day the borrower and seller signed the home purchase agreement. Start with the day after the acquisition date and count up to and including the purchase date.
- If the property is a “flip” as defined above, the following additional requirements apply:

- Sufficient documentation to validate actual cost to construct or renovate (e.g., purchase contracts, plans and specifications, receipts, invoices, lien waivers, etc.) must be provided, if applicable.

SOLAR PANEL REQUIREMENTS

Solar panels are allowed unless they are financed through PACE, HERO, or equivalent. Solar panels purchased through financing may or may not include the real estate as collateral.

Financed and collateralized (UCC on Title)

The solar panels are collateral for the separate debt used to purchase the panels, but they are a fixture to the real estate because a UCC fixture filing* has been filed for the panels in the real estate records (on title report). *Note: A Notice of Independent Solar Energy Producer Contract on title is not to be treated as a UCC fixture filing*.

- Obtain and review the credit report, title report, appraisal, and/or UCC fixture filing, related promissory note and related security agreement that reflect the terms of the secured loan
 - Include the debt obligation in the DTI ratio.
- Provided that the panels cannot be repossessed for default on the financing terms, instruct the appraiser to consider the solar panels in the value of the property (based on standard appraisal requirements).
- Include the solar panels financing balance in the LTV/CLTV ratio calculation (if unable to obtain, utilize the original balance). The UCC fixture filing must be subordinated with one of the following:
 - Subordination Agreement
 - UCC Termination
 - Debt obligation is to be included in the DTI ratio and the LTV/CLTV unless proof is provided verifying the debt has been paid down to zero (UCC termination does not automatically verify the debt is paid off).
- CLTA Endorsement 150-06 is not eligible to be used in lieu of a Subordination agreement or UCC Termination.

*A fixture filing is a UCC-1 financing statement authorized and made in accordance with the UCC adopted in the state in which the related property is located. It covers property that is, or will be, affixed to improvements to such real property. It contains both a description of the collateral that is, or is to be, affixed to that such property, and a description of such real property is located. It is filed in the same office that mortgages are recorded under the law of the state in which the real property is located. Filing in the land records provides notice to third parties, including title insurance companies, of the existence and perfection of a security interest in the fixture. If properly filed, the security interest in the described fixture has priority over the lien of a subsequently recorded mortgage.

Financed and collateralized (UCC not on Title)

The solar panels are reported to be collateral for separate (non-mortgage) debt used to purchase the panel, but do not appear on the title report.

Note: A Notice of Independent Solar Energy Producer Contract on title is not to be treated as a UCC fixture filing.

- Obtain and review the credit report, title report, appraisal, and/or UCC fixture filing, related promissory note and related security agreement that reflect the terms of the secured loan
 - Include the debt obligation in the DTI ratio.
- Instruct the appraiser not to provide contributory value of the solar panels towards the appraised value because the panels are collateral for another debt.
- Do not include the panels in the LTV/CLTV ratio calculation.
- If a previously filed UCC was temporarily removed from title through a UCC termination, evidence must be provided that the UCC was paid in full otherwise the financed balance must be included in the LTV/CLTV.

Requirements for properties with solar panels that are leased or covered by a Power Purchase Agreement

If the solar panels are leased from or owned by a third party under a power purchase agreement or other similar lease arrangement, the following requirements apply (whether to the original agreement or as subsequently amended):

- Seller must obtain and review copies of the lease or power purchase agreement.
- The monthly lease payment must be included in the DTI ratio calculation unless the lease is structured to:
 - Provide delivery of a specific amount of energy at a fixed payment during a given period, and

- Have a production guarantee that compensates the borrower on a prorated basis in the event the solar panels fail to meet the energy output required for in the lease for that period.
- Payments under power purchase agreements where the payment is calculated solely based on the energy produced may be excluded from the DTI ratio.
- The value of the solar panels cannot be included in the appraised value of the property.
- The value of the solar panels must not be included in the LTV/CLTV, even if a precautionary UCC filing is recorded because the documented lease or power purchase agreement status takes priority.
 - A “precautionary” UCC filing is one that lessors often file to put third parties on notice of their claimed ownership interest in the property described in it.
 - When the only property described in the UCC filing as collateral is the solar equipment covered by the lease or power purchase agreement, and not the home or underlying land, such a precautionary UCC filing is acceptable (and a minor impediment to title), as long as the loan is underwritten in accordance with this topic.
- The value of the solar panels must not be included in other debt secured by real estate in the CLTV calculation because the documented lease or power purchase agreement status takes priority.
- The property must maintain access to an alternate source of electric power that meets community standards.
- The lease or power purchase agreement must indicate that:
 - Any damage that occurs as a result of installation, malfunction, manufacturing defect, or the removal of the solar panels is the responsibility of the owner of the equipment and the owner must be obligated to repair the damage and return the improvements to their original or prior condition (for example, sound and watertight conditions that are architecturally consistent with the home);
 - The owner of the solar panels agrees not to named loss payee (or named insured) on the property owner’s property insurance policy covering the residential structure on which the panels are attached. As an alternative to this requirement, the seller may verify that the owner of the solar panels is not a name loss payee (or named insured) on the property owner’s property insurance policy; and
 - In the event of foreclosure, the seller or assignee has the discretion to:
 - Terminate the lease/agreement and require the 3rd party owner to remove the equipment;
 - Become, without payment of any transfer or similar fee, the beneficiary of the borrower’s lease/agreement with the 3rd party; or
 - Enter into a new lease/agreement with the 3rd party, under terms no less favorable than the prior owner.

In addition, when there is knowledge of an adverse event occurring near and around the subject property location, such as earthquakes, floods, tornadoes, or wildfires, additional due diligence should be used to determine if the disaster guidelines should be followed.
